RECOMMENDATION FOR NEW CANDIDATES

The Cursillo is a beginning and an insight into Christian community, and intended to spur apostolic action. It is a leadership in training program for people who will become or are apostles of Christ. With this in mind, Cursillo can be a training program for every type of apostolic action. Basically, the movement is trying to help develop Christian leaders who understand the community which is the Church. We therefore ask that those who interest people in a Cursillo keep these ideas in mind and send in this recommendation form.

Name of Candidate _____
